

Abouba's life transformed...

With a Bright School Scholarship

Your donation to Fund a Future—TEACH Rwanda's scholarship fund for Bright School—DOES make a difference. Abouba is just one success story—multiplied by 3!

When Abouba, at the age of 3, came to Bright School in 2016, he was shy and listless. He had kwashiorkor and was stunted due to malnutrition. His grandmother enrolled him on a Fund a Future scholarship.

With daily porridge at school, Abouba gained more energy and better health. He made friends and increased his confidence. His older siblings, Charite and Chadia, soon enrolled through Fund a Future.

Here is our smiling Abouba, a few months after he enrolled. At the time, he and his siblings were picking up glass along their way home from school, so they could sell it and buy food to eat for their family.

When schools were closed due to COVID, the three siblings walked a long distance to our mobile library. They had food to eat at home thanks to Feed a Family donations. All three Bright School students continued to read, write, and grow!

Today, Abouba, Charite, and Chadia proudly wear school uniforms, ride a bus to school, eat a healthy lunch, have health insurance, and attend Enrichment programs at Bright School—all made possible by donations to Fund a Future.

And now, in P2, a confident, clever Abouba is still growing taller, still smiling, and dancing with his friends during Enrichment!

As you can see, **every donation to Fund a Future scholarships goes directly to support a high-quality education for a vulnerable and grateful Rwandan child**, like Abouba and his two siblings.

This year, our Giving Tuesday goal is to raise \$5,000, so 10 children can attend Bright School, TEACH Rwanda's Exemplary School...and **begin the path out of poverty with their families.**

Please forward this email to others who may want to support Fund a Future scholarships for Rwandan children!

Thank you!

Please donate generously on Giving Tuesday!
